Important notice: Mojo Barriers Beheer B.V. ("MB") retains all intellectual property rights and other rights with respect to its CAD library ("the Library") and the MB customized drawing blocks used therein. MB grants the user the right to freely use its Library if it wishes to order the products of MB. The Library may not be used to order products from third parties that are not an official supplier of MB products. Please note that the user is solely responsible for (the functioning of) the barrier configurations that were (wholly or partly) created with the Library. Creating a barrier configuration with the Library does not give any guarantee that the chosen configuration is safe regarding for instance crowd management and the geographical factors of the site. MB can in no event be held liable for any damages resulting directly or indirectly from incorrect, incomplete or otherwise faulty configurations created with the Library. If the user needs any advice or assistance when creating the lay out, user can contact MB at all times at: info.int@mojobarriers.com
